

## Power Template Help:

The file you see is the configuration and usage guide for the Power template module. This document aims to explain the steps in a simple and clear manner, with pictures.

Please follow along with us:

After installing the template module Power, go to the "Modules" folder and then enter "SmartPlugins.Themes.Power" folder.

Then run the "create-deployed-symlinks" file.

Now, follow the images below for active widgets and using the modules:

Now that the template is installed and all the modules are ready, you need to add your information to the template. In the image below, all the sections of the template we have prepared are highlighted separately.

For an explanation of each section, refer to the corresponding section:

## 1. logo:

In this section, you can upload your desired logo. The logo dimensions can be approximately as follows: a width of around 300 pixels and a height of around 80 pixels.

Follow these steps the Admin Panel to add your personal logo:

The image shows two screenshots of the Smartstore Admin Panel. The top screenshot shows the 'Configuration' menu with 'Stores' highlighted, indicated by a red arrow and the number '1'. The bottom screenshot shows the 'Stores' list with a table containing one entry, 'power', which is highlighted by a red box and a red arrow with the number '2'.

**Stores List Table:**

As you can see in the image in Step 4, Menu Plus has three options. The first option displays a simple dropdown menu, the second creates a card layout, and the third creates an itemized layout. You can also change the number of cards and items according to your preference and needs from the options below.

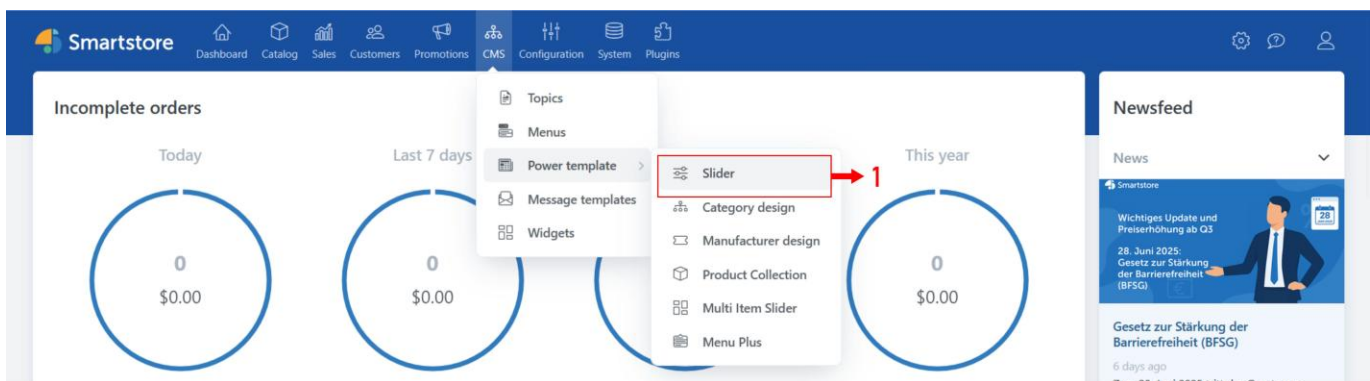

**\* Brand or Manufacturers MenuPlus:**

If you have added a brand or Manufacturers to your template and want it to appear as a menuplus in the main menu, follow the steps below:

Smartstore Slide configuration interface. The interface includes a top navigation bar with links to Dashboard, Catalog, Sales, Customers, Promotions, CMS, Configuration, System, and Plugins. On the left, there is a sidebar with options: External link, Is active, Display Order, Picture, and Limited to stores. The main area contains a form for configuring a slide. A red arrow points to the 'Save' button, labeled '9'. Another red arrow points to the 'Is active' toggle switch, labeled 'you can link your image or connect it to a category.'. Below this, there is a 'Picture' field with a red box around it, labeled '8. select your image', containing a thumbnail of a slide and the text 'slider.jpg x'. At the bottom, there is a 'Limited to stores' field with the text 'All stores'.

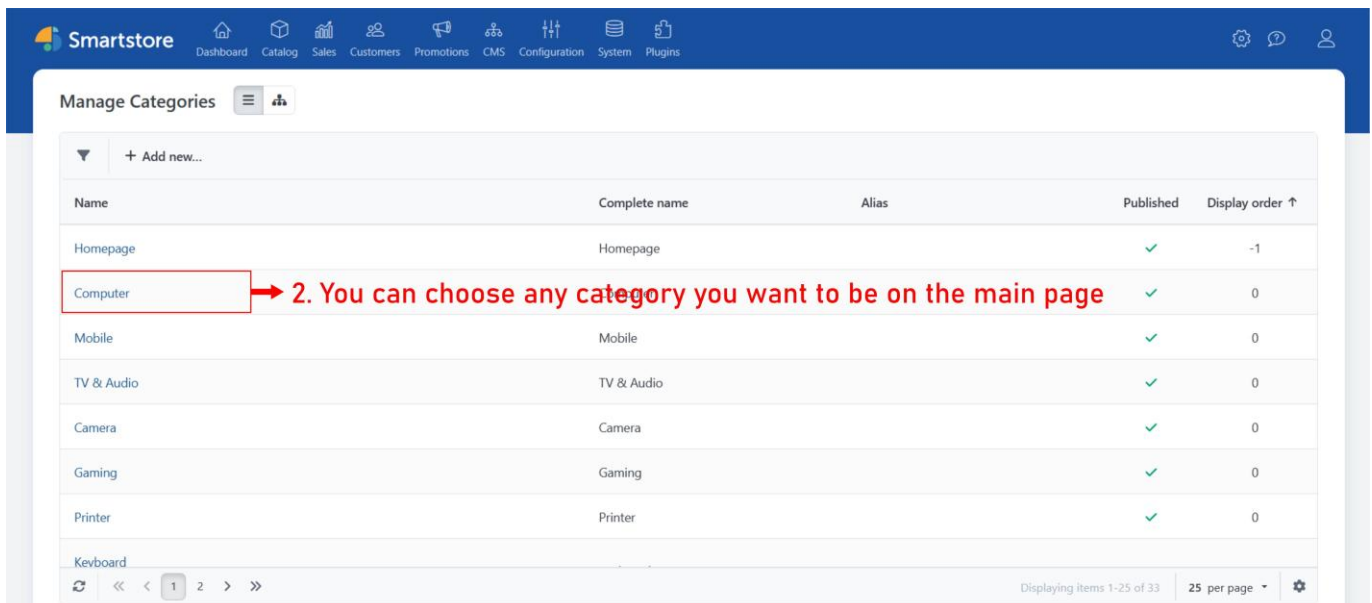

The size of the image used in this slider is 1920 \* 900 pixels.

## 5. Category Design:

When you add a category, you can display it on the homepage by activating a button.

Smartstore Dashboard interface. The top navigation bar includes links to Dashboard, Catalog, Sales, Customers, Promotions, CMS, Configuration, System, and Plugins. The main area displays three circular charts for 'Incomplete orders' (Today, Last 28 days, This year) and a 'Newsfeed' section on the right. A red arrow points to the 'Categories' menu item in the top navigation bar, labeled '1'. The 'Categories' dropdown menu is open, showing options: Manage products, Product reviews, Manufacturers, Product tags, Low stock report, Recycle bin, ATTRIBUTES, Product Attributes, Specification Attributes, and Checkout Attributes.

Smartstore Manage Categories interface. The top navigation bar includes links to Dashboard, Catalog, Sales, Customers, Promotions, CMS, Configuration, System, and Plugins. The main area displays a table of categories. A red arrow points to the 'Computer' category row, labeled '2. You can choose any category you want to be on the main page'.

## 10. Product Collection (3):

To add a product collection, follow the steps below:

The screenshot shows the Smartstore CMS dashboard. The top navigation bar includes links for Dashboard, Catalog, Sales, Customers, Promotions, CMS, Configuration, System, and Plugins. The main content area displays 'Incomplete orders' with three circular progress indicators for 'Today', 'Last 7 days', and 'This year', all showing 0 orders. A 'Newsfeed' section on the right shows a news item about a price increase. A 'Widgets' menu is open, showing options like Slider, Category design, Manufacturer design, Product Collection (highlighted with a red box and arrow labeled '1'), Multi Item Slider, and Menu Plus.

Below the dashboard, a table lists the installed widgets. The table has columns for Id, Skin Template, Name, Widget Zone, Display Order, Is Active, and Limited to stores. The table shows three widgets: LargeProduct, LeftImage, and RightImage. A red box labeled '2' highlights the '+ Add new...' button in the top left corner of the table.

When you add manufacturers, they will automatically appear on the main page of your template.

However, if you want the manufacturers to be displayed using the manufacturer module, you need to disable the previous display. To disable the previous display, follow these steps:

Now, to add manufacturers using the manufacturer display module, follow these steps:
